# LOGISTICS

Vrbas River (G2-3) is a fast mountain river, with several white water sections and pool drops. 31km is used for rafting (dam to downtown). Vrbas crosses two canyons: canyon Tijesno (5km) and canyon Podmilacje (8km). Levels are damdependent - usual limits are 25 - 100 cubic meters, and in spring around 300 cubic meters. In July water temperature is 16oC and air temperature 25oC +

**Transport:**

Yours

**Accommodation:**

Camping is provided free of charge for all competitors in the Krupa on Vrbas, with hot water, showers and toilets. You need to bring your own tents and other camping equipment.

Other kinds of accommodation are available for various prices in the city.
