Nominated by:

Федерация Рафтинга России (Russian Rafting Federation)

Introduction:

President of Russian Rafting Federation, coach of Russian national team. Rafting is his life. He started his sports career from scratch, in his region of Russia, and worked until the birth of one of the best rafting schools. His sports school now has infrastructure, sports objects, transport, boats, equipment, and a lot of people. Then all rafters from Russia entrusted to him with all Russian rafting and elected him President of the Russian Rafting Federation. Since then, Russian rafting has won great respect in the Russian Government of Sports. The Russian Government of Sports has begun funding rafting in Russia. The Russian national rafting teams received large financial investments, including high-quality medical care, national uniforms, funding for training and travel to competitions. The Russian Government of Sports has begun funding and organizing all rafting competitions in Russia. Now he is in charge of a project - the World Rafting Championship in Russia and the construction of a large sports object for rafting in Russia. He leads many international rafting projects: White Water of Siberia (6 years), Snow Rafting (2 years). He rediscovered Russia for many rafters from around the world. He is actively involved in boat development together with a boat and sports equipment manufacturer. He is actively developing para rafting in Russia. His dream is the Olympic future of rafting and the unity of world rafting.
